

PROFESSIONAL USE ONLY

Not for resale on third-party websites, including, but not limited to, Amazon® and eBay®.

DIRECTIONS: Consume one stick pack daily away from meals, or as directed by your healthcare practitioner. Preferably pour a small amount of the contents of a stick pack directly into the mouth and allow contents to dissolve. Then repeat process until contents of the entire stick pack have dissolved in the mouth. Alternatively, contents may be added to 2-4 oz of water or preferred liquid; stir and drink within 15 minutes.

Consult your healthcare practitioner prior to use. Individuals taking medication should discuss potential interactions with their healthcare practitioner. Use special caution in individuals with bipolar disorder. Do not use if tamper seal is damaged.

SAME & TMG is a sweet, yet slightly tart lemon-flavored powder. SAME (S-adenosyl-L-methionine) and TMG (trimethylglycine) are naturally occurring substances that act as methyl donors during vital biochemical processes in the body. Methylation is essential to normal cell health and function. It can decline with age or chronic alcohol consumption, and it can be limited in some individuals due to their genetic makeup.*

SAME donates methyl groups, which are needed for the synthesis of neurotransmitters, proteins, nucleic acids, and phospholipids. It supports glutathione production, liver health, joint comfort, and a healthy mood. TMG is an especially important methyl donor involved in the metabolism of homocysteine and the formation of SAME. TMG ultimately supports cardiovascular and neurological health, as well as normal cell-life regulation.*

XYMOGEN's SAME & TMG formulation contains a minimum of 70% of the SS isomer of SAME, the active form the body can use most readily. This concentration makes SAME & TMG cost effective as most SAME formulations on the market contain less than 44% active SS isomer.

***These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.**

STORAGE: Keep closed in a cool, dry place out of reach of children.

DOES NOT CONTAIN: Wheat, gluten, corn, yeast, soy, animal or dairy products, fish, shellfish, peanuts, tree nuts, egg, ingredients derived from genetically modified organisms (GMOs), artificial colors, artificial sweeteners, or artificial preservatives.
